

## AUTOMATIC SLACK ADJUSTERS

The information given on these pages is designed to make identification of the correct part n° as simple as possible.

*When correct part n° is unknown, there are two essential points to remember :*

- the **Control Plate** n° (see view A)
- the **Body** n° (see view B)

*In some cases, this will not be sufficient. **Distance  $\delta$**  (see view C) will be of additional help.*

*The remaining pages only give the most popular numbers, sorted by VEHICLE.*
